6 July 2018

Kalori is a Narrunga word meaning *message stick*. The Narrunga people are the traditional custodians of the York Peninsula in South Australia.

PRINCIPAL'S MESSAGE

REPORTS

Reports were sent home earlier this week. Teachers have put a great deal of effort into reporting on your child's progress this semester. If you would like to discuss any aspect of the report with your child's teacher, please contact the office for an appointment.

PRINCIPAL'S POSITION

Advertising of the permanent position has commenced and it is anticipated that a permanent principal will be appointed early next term.

SILLY SOCK DAY

We raised \$1400 which was a huge effort. Angelina Shannon passes on her sincere thanks to the school community for your generosity and support of her family and MND Australia.

HOLIDAYS

Enjoy the time away from school and get some rest, fun and fresh air! Dr Kristy Goodwin, an expert in healthy digital habits has some information around sensible screen time in the holidays. She suggests parents PLAN not BAN devices during school holidays and the importance of students experiencing boredom! Check out her Facebook page for more information.

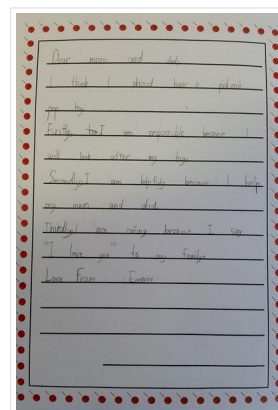

Don't hesitate to contact me if you would like to discuss anything. My email address is anne.davis8@det.nsw.edu.au or I can be contacted by phone via the office 9759 3849.

LEARNING AT BHN

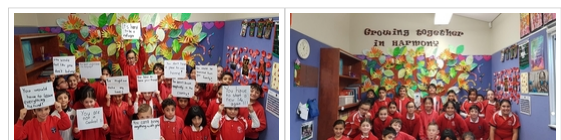

STUDENT WORK

KR students are great scientists and have been learning about living things. KR have been investigating living things and their life cycles. We have focused on the life cycle of a chicken, and are currently observing the life cycle of plants. We have planted seeds in small pots, and are currently recording the cycle of a plants growth.

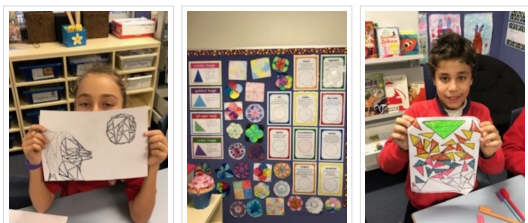

During literacy sessions 1H have been writing persuasive texts. One of these has been a letter to their parents to persuade them to purchase them either a toy or a pet they would like to have. I wonder how many of our 1H parents were persuaded?

As part of our reading, 3/4W has been learning about refugees. In our computer lesson, we further researched using the topic statement "It is hard to be a refugee". We discovered some possible difficulties refugees face and students also interviewed family members that had experienced such challenges. In small groups, the students then identified some of the key areas that refugees would find difficult.

5/6B have been writing information texts with a focus on different audience needs. We wrote an information text about our class pets, spiny leaf insects, for k-2 students, 3-6 students and adults.

5/6R have been learning about circle and triangles and their properties during maths lessons. We measured, drew and calculated numerous angles using protractors. We also used compasses to draw various sized circles. As a creative maths activity we used what we had learnt about circles and triangles to design our own patterns. We are very proud of our final pieces of maths art!

LEARNING BEYOND THE CLASSROOM

Gardening club planted out some red spring onions that they had raised from seed in one of our greenhouses.

P&C AND AUXILIARY NEWS

Dear parents and carers,

Some months ago Campsie Public School P&C approached our P&C as well as other school's P&Cs in our local area seeking our support on their stance against a development proposal at their doorstep. The original development application was lodged with the previous Canterbury Council. If that development proceeds, Campsie PS will be permanently overshadowed. At our P&C meeting on May 22nd, the committee unanimously voted in supporting Campsie Public School P&C and a letter was emailed to them and other local P&Cs asking them to also lend their support. It's really important that as a community we support each other.

The school principal position has become available and the process has begun to appoint a permanent principal. Two parents will be on the interview panel and both have received panel training. Thank you Sue and Stan for volunteering your time to be a part of this important process.

I have been working nearly full time and not at school much this term. However, I'm normally around Thursday mornings and afternoons and on Friday mornings. If anyone needs to contact the P&C with ideas or to volunteer, please approach me, or any committee member. You can also reach us at bhnpandc@gmail.com.

We also said farewell to Draga our school cleaning lady who's been at BHN since February 2006. I'm not sure we'll ever have another Draga and she will be sorely missed. Congratulations Draga, enjoy the next phase of your life.

Below is your executive committee along with general committee members at our June P&C meeting and at the uniform fundraising stall held last month. We hope to see more parents/carers at our meetings soon. Thanks to Brandon Banh our junior photographer.

BHN HAPPENINGS

OZHARVEST'S FEAST PROGRAM

OzHarvest's new FEAST program will inspire kids to eat healthy, waste less and be change-makers in the local community.

OzHarvest is Australia's leading food rescue organisation with a driving purpose to *Nourish Our Country*.

With a vision to build a world with zero food waste and free of hunger, creating awareness and influencing behavioural change through community education opportunities are central to achieving this.

OzHarvest's new education program FEAST (Food Education and Sustainability Training) is designed to teach and inspire kids in years 5 and 6 about sustainability, food waste and nutrition. FEAST is full of fun, interactive activities for students as they explore the role food plays in everyday lives and the importance of protecting the planet. It extends beyond the classroom, as students develop the skills to become change makers in the community.

The program is presented within a beautiful classroom inquiry based unit, focused on detailed lesson planning tools and recipes that align with Australian Curriculum Links and Cross Curriculum Priority: Sustainability. FEAST recipes can be made in class and do not require a kitchen, making the cooking and food education components accessible to all children and school communities.

In Term 3 2018, OzHarvest's FEAST Program will be launched in Beverly Hills North PS.

To hear more about OzHarvest's FEAST program or volunteer to assist in the delivery of the cooking component of the program on Thursdays in Term 3, please contact Mr Barclay on 97593849.

STEWART HOUSE CLOTHING APPEAL

The Stewart House Clothing Appeal will be happening again in August. The school holidays may be a good time to go through

and throw out any unwanted clothes. A bag will be sent home early term 3.

KATERERS4KANTEEN SURVEY

Please take a few minutes to provide Gabby and her team with some feedback on the canteen!

BHN NOTICEBOARD

CANTERBURY BANKSTOWN COUNCIL CARES OPEN DAY

Canterbury Bankstown Council's Road Safety Officers are running a free open day on Wednesday July 18th at their CARES facility at Bass Hill.

The C.A.R.E.S program is a combination of practical activities which provide children with a greater degree of road safety knowledge and an opportunity to develop their practical cycling skills.

CANTERBURY BANKSTOWN COUNCIL'S NATIONAL TREE DAY 2018

Come along for a community day of planting to celebrate our natural spaces.

When: Sunday 29 July 2018, 10am - 1pm

Where: Band Hall Reserve, Ferrier Road, Birrong

What: Join us to plant a tree and enjoy a free BBQ from 11am. There will also be FREE plants for volunteers to take home.

To get involved, go to the link below or call 9707 9000.
