PRINCIPAL'S MESSAGE

Meet the Families

Thank you to all the families who attended our 'Meet the Families and Parent Information Evening' last Tuesday. It was great to see so many parents at the information sessions and chatting with one another in the playground. Thank you to Mr Sheen for cooking the BBQ, Mrs Athanasiou and Mrs Roberts for organising the event and big thank you to our amazing volunteers who helped prepare and serve at the BBQ.

Shorter Avenue

We have had our community express concerns regarding Shorter Avenue before and after school. A small handful of our parents are compromising the safety of our students and other parents, by parking illegally, and blocking the flow of traffic and u-turning in front of moving traffic and across the lines.

We are all responsible for the safety and wellbeing of our students and community. Please abide by the road rules.

Clean Up Australia

Last Friday our students did a tremendous job of cleaning up our school and doing our part in 'Clean Up Australia Day 2019.' Well done to our students for cleaning up our school and showing pride in our school environment. Thank you to Ms Pease for coordinating our clean up.

Morning Assembly

Morning assembly is every morning and parents may join us for these quick assemblies, assembling to the side of the classes

nearest to the administration block. We encourage parents to communicate with our teachers; however, this is not always possible during morning assemblies. If need to chat to a teacher, our staff will find a time to talk to you when they can give you their full attention.

School Photos

Next Tuesday 12th March is our School Photo Day. All students need to be at school by 8:45am in full summer school uniform. Please ensure students have returned white order envelopes on or before the 12th of March. We all love photo day – capturing memories!

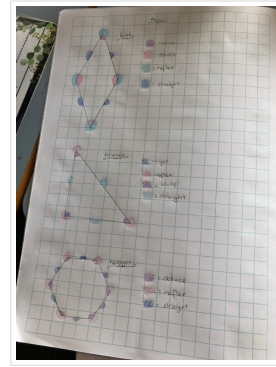

Online Safety

With recent online media releases surrounding internet safety we encourage parents to monitor the sites your child is visiting and use parental control tools to block access to inappropriate or unsafe websites and apps. It is also important to talk to children about how information is posted on the internet and teach them the difference between credible news websites and people sharing opinions or experiences. For more information around online safety please visit:

We have been busily working on angles in 3/4F. Here, Joanna has shown all the different angles she can find in regular and irregular shapes.

Ten Buckets of Rubbish

Early last week, when learning about Clean Up Australia Day ten buckets of rubbish were picked up by the one and only 5/6H! We watched a documentary about rubbish and the environment and how it causes environmental disasters.

Did you know eight million tonnes of rubbish are affecting our oceans right now? Plastic is killing our unique marine life intensely. In 2050 there will most likely be more rubbish than sea life in the ocean. This would only occur if we keep dumping our rubbish! So we decided to make a difference... starting with our school.

5/6H decided to do this in our school grounds because there was plenty of rubbish ruining our amazing school. In 15 minutes, 5/6H had a competition (Year 5 vs. Year 6) as to how many buckets of rubbish each team could collect. In total, we swiftly picked up ten generous buckets of school waste.

We were proud of this accomplishment and happily placed the disgraceful rubbish in a playground bin. We want to raise expectations on limiting our plastic and rubbish in the playground especially as the leaders of the school. Rubbish is a serious matter of destruction!

LEARNING BEYOND THE CLASSROOM

Gardening Club News

Mr. Barclay and our Gardening Club have been busy harvesting rockmelon and pomegranate from our food garden. Some students were lucky enough to try the produce last week.

If you have any questions or comments, or would like to offer feedback, please come and see me.

Regards,

**Robert Borg

LEARNING AT BHN

Kindergarten Yellow

KY have been using the words 'longer' and 'shorter' to compare the lengths of different objects.

1H

As part of our Science and Technology unit, 1H have been learning to write a code using numbers, words and pictures for their friends to follow.

P&C NEWS

It was so lovely to see so many people at the 'Meet the Families Evening.'

Your P&C held their AGM on the same night and the new year has certainly brought many changes. Instead of stepping down, I found myself stepping up again. My children really wanted me to stay involved in their education and they were key to me accepting the nomination as Co-Secretary in our P&C. The general committee members voted for the following parents to be representatives of our parent body. And as you can see, roles can be shared.

President: Mohamad Hamad

Co-Secretary: Linda Oral

Treasurer: Kristy Sciberras

Fundraising Coordinators: Sue Arja and Safa Hamodeh

Thank you to everyone who put their hand up to assist in this year's committee and also to the general committee members. We had a terrific turnout on the night.

As you may be aware, there is an election on 23rd March and a Federal election in May. This provides us with an opportunity to raise funds from the broader community, instead of asking our school parents to reach into their wallets.

To do this, we need volunteers before the day, on the day and donations to sell.

Some ideas are:

- | | |
|------------------------|--------------------------------------|
| Banana bead | Homemade honeycomb |
| Cupcakes | Vanilla fudge |
| Chocolate chip muffins | Coconut ice |
| Shortbread biscuits | Toffee |
| Caramel slice | Chocolate crackles |
| Gingerbread men | Sesame snaps (I'll be making these!) |
| Peanut brittle | Rocky road |

We really, really need cake donations as they sell exceptionally well. They can be dropped off at the school on Friday, 22nd March.

Gluten free food is also sought out by the community.

Donations of jam jars (washed with sticky labels removed) would be appreciated. Please drop them off at the office.

Your committee can not do this alone. We are calling for volunteers before the day to help with the following:

Week before

Washing the bread tubs

Cleaning the BBQ and ensuring there is enough gas

Day before

Cutting up cakes to insert into cello bags

Cutting up bread rolls in the TLA

BHN NOTICEBOARD

Quality Teaching Rounds

We are pleased to confirm that our school will be participating in an exciting new research project on teacher professional development. The research is being undertaken by the University of Newcastle, commencing in Term 1, 2019. Children will be invited to participate in this project if their teacher is involved. Invitations will be sent out to relevant classes in due course.

Participating students will complete some surveys and assessments as part of their usual school activities. All names will be removed and only student numbers will be given to the research team so that they can link survey and assessment results with NAPLAN and school attendance data.

If you do not want the research team to have access to these data, you can opt-out on your child's behalf. For further information about the research, please visit the research website below, or call the research team on (02) 49215351.
